

**International Conference on Engineering Education  
ICEE-2014**

June 2-6, 2014, Riga, Latvia

**CALL FOR PAPERS FOR SPECIAL SESSION IN**

**Capstone Design Course Experience through International and Multidisciplinary  
Projects**

Papers are solicited on the area of senior capstone design experience. Capstone projects are designed to better prepare senior engineering and engineering technology students for realistic industrial hands-on, team based projects. Also, senior design courses are often required by accreditation bodies, such as ABET. However, there are many obstacles for the course instructors to implement truly multidisciplinary and international projects. The aim of this session is to bring together educators that experiment with innovative and alternative ways to offer capstone design courses.

This conference emphasizes development of international partnerships in education and research. Through special sessions and international workshops, it provides ample opportunity for discussing future cooperative projects. For more information on iNEER, one of the principal sponsors of the conferences, visit: <http://www.ineer.org>

**IMPORTANT DATES**

Submission of abstracts:	January 17, 2014
Notification of abstract acceptance:	February 7, 2014
Submission of papers:	February 21, 2014
Notification of acceptance:	March 14, 2014
Final Paper to be received by:	March 28, 2014

Submitting Abstracts and Papers: Please submit abstracts and papers through the link for Special Sessions at the ICEE-ICIT 2014 web site:

<http://www.ineer2014.rtu.lv>

**Session Co-Chair:**

Sergey Dubikovsky  
Purdue University  
College of Technology  
West Lafayette, IN 47907
