

**International Conference on Engineering Education
ICEE-2011 Belfast**

University of Ulster, Belfast, Northern Ireland, UK, August 21-26, 2011

CALL FOR PAPERS

Educational Pitfalls and Challenges in Spanish Engineering Education

Papers are solicited broadly on the subject of educational pitfalls and challenges on the engineering curriculum reform and innovation in recent years in the Spanish Engineering Education System. Topics include but are not limited to curriculum reform, recent progress in Spain in specific areas of engineering education, adaptation of engineering degrees (undergraduate, masters and doctorate) to the so called "Bologna process", interdisciplinary degree programs, strategic alliances among academia, industry, and government, and international collaboration programs that address these issues. Papers on completed work and ongoing activities are welcome. This conference emphasizes development of international partnerships in education and research. Through special sessions and partnership workshops, it provides opportunity for development of cooperative projects.

IMPORTANT DATES:

Abstract deadline	28 February 2011
Author notification	16 March 2011
Camera-ready manuscripts	15 May 2011
Early registration deadline	30 May 2011 (6 May 2011 is deadline for full payment of registration fees by delegates and students to be eligible for a complimentary copy of <i>Innovations 2011</i>)

Further information is available at the ICEE-2011 web site <http://icee2011.ulster.ac.uk>

Session Chair:

Eduardo Montero, Assistant Professor,
Department of Electromechanical Engineering,
University of Burgos, Spain
