

# **International Conference on Engineering Education and Research iCEER-2004, Bouzov Castle, Czech Republic, June 27-30, 2004**

## **CALL FOR PAPERS #3**

### **ENGINEERING EDUCATION IN NANOTECHNOLOGY**

Papers are solicited broadly on the subject of engineering curriculum reform and innovation in preparing students for the nanotechnology and nanomaterials. Topics are focused on course innovation, curriculum reform, interdisciplinary degree programs, interactive remote learning programs, strategic alliances among academia, industry, and government, international collaboration, and continuing education programs that address this issue. Papers on completed work and ongoing activities are welcome. This conference emphasizes strategic alliances in education and research. Engineering Education in Nanotechnology session provides also opportunity for discussing future cooperative projects.
