

13 June 2013

Dear Colleagues

INVITATION TO ICEE / ICIT 2013 CAPE TOWN

It is a pleasure to invite you and the whole INEER community to the “**2013 Joint International Conference on Engineering Education and Research & International Conference on Information Technology**” or “**ICEE/ICIT-2013 Cape Town**” in short. The conference themes are *Technology for Sustainable Development, Technology Education* and *Engineering, Design and Technology*. The event will be devoted to studying various aspects of Engineering Education, Information Technology and Engineering Design.

Cape Town has an adventurous, stylish and a colourful melting pot of cultures, and offers visitors an opportunity to discover unexpected gems. We meet at the foot of Table Mountain, which was crowned as one of the New 7 Wonders of Nature last year after a global poll, and Cape Town was named the World Design Capital for 2014 by the International Council of Societies of Industrial Design.

For more information about the event, major topics, special sessions as well as Cape Town and the host university visit our conference website <http://ineer2013.org.za>. You can also find the Call for Paper announcement on the website.

On behalf of the conference organising committee, iNEER and our university I invite you to come to the conference. I look forward to meeting you in Cape Town in December this year.

Yours sincerely

PROFESSOR L V MAZWI-TANGA
VICE-CHANCELLOR
CAPE PENINSULA UNIVERSITY OF TECHNOLOGY
CAPE TOWN, SOUTH AFRICA
