

CALL FOR PAPERS
Accompanying ICEE Proposal by Tim Anderson and Marc Hoit

Dear Colleagues:

On behalf of the Steering and Program Committee members, I would like to invite you to participate in the INTERNATIONAL CONFERENCE ON ENGINEERING EDUCATION for the Year 200X (ICEE-200X), to be held in Gainesville, Florida, United States of America during August 200X.

Since early 1990's, many countries have made efforts in improving the quality of engineering education in universities. In the past few years, the series of ICEEs, including ICEE-1997 held in Chicago and Carbondale, ICEE-1998 (<http://www.ctc.puc-rio.br/icee-98>) in Rio de Janeiro, ICEE-1999 (<http://www.fs.vsb.cz/akce/1999/icee99/welcome.htm>) in Ostrava & Prague, and ICEE-2000 (<http://www.conference.nctu.edu.tw/icee2000/index.htm>) in Taipei and Tainan, Taiwan, have attracted many experts to share their experiences and promote international collaboration. Further details on the ICEE concept is attached on a following page.

We are honored to host the next conference at the University of Florida in the United States of America in August 200X. Enclosed please find a copy of the "Call for Papers" and the abstract submission form. We hope that you can participate in this conference and also encourage your colleagues to contribute papers. Further information can be found in the website: [TO BE DETERMINED](#)

Sincerely yours,

Tim Anderson
