

The oral and poster presentations of the ICEE-2008 Conference

The high scientific standards of the ICEE2008 Conference has been supported during the process of organizing the conference. Therefore the high standards of the oral and poster presentations has been assured with the following procedure, considering the traditions of the ICEE programmes.

1. The abstracts submitted for the conference have been classified by the authors into the announced 43 topics.
2. The Presidential Board of the Scientific and Organizing Committee has reviewed if the abstracts were classified correctly.
3. The authors have been notified about the decision of the Presidential Board of the Scientific and Organizing Committee.
4. Pursuant to the timetable of the Conference, parallel sections have been organized, in some cases including two topics, where are not speakers enough or even distribution of the presentations.
5. Pursuant to Professor Win Aung's guidance, the list of the section chairmen and cochairmen has been completed.
6. In addition to directing the work in the sections, the Conference Presidential Board has asked the chairmen and co-chairmen to assess the quality of the papers submitted for presentation in advance, give suggestions for modification or additions, and send their comments to the Conference Presidential Board.
7. The members of the Scientific Committee of the ICEE-2008 Conference have been invited with regard to the conception that those countries with three or more speakers should be represented at the conference.
8. We called upon the members of the Scientific Committee to review the presentations from their country and knowing the local specialties, providing advice so that the oral and poster presentations of the ICEE-2008 Conference would be of a high academic standard. (The full papers from those countries represented with one or two authors would be reviewed by the Chairman of the Scientific Committee.)
9. The high standard of the ICEE-2008 Conference presentations are assured by two processes:
 - By the section chairmen an co-chairmen;
 - Through the Scientific Committee members invited from different countries.
10. The high scientific standards of the ICEE-2008 Conference would be assured by the thoroughly reviewed oral and poster presentations.
