Dear Dr. Win Aung,

the successful cooperation of Saratov State Technical University and iNEER lasts for many years. The SSTU professors take part in the international conferences held by iNEER, as well as many iNEER members visited SSTU events. Mutual relations of the higher management representatives of both our institutions always help to establish the stronger links of cooperation. I would like to invite you to SSTU for discussing the opportunities of the international conference that we are planning to arrange at SSTU with iNEER support. We will be glad if you find a possibility to visit us for 04-08 of April, 2011. The costs of your stay in Saratov will be covered from SSTU funds.

Best regards,  
Dr. Igor Pleve, Rector
